

DRYING AND COOLING SOLUTIONS FOR THE CONSTRUCTION INDUSTRY

Drying: MovinCool portable spot air conditioners quickly remove moisture from the air, speeding up drying and curing of drywall joint compound, paint, grout, caulking and adhesives.

Cooling: Self-contained, portable MovinCool units provide quick, cooling relief for personnel in job-site trailers or tents — or for building occupants when the central HVAC system is temporarily turned off.

MovinCool® Portable Spot Air Conditioners

MovinCool portable spot air conditioners can do more than just cool the air. They can also provide faster drying for construction materials.

- Speed up drying and curing of construction and building materials such as drywall joint compound, paint, tile grout, caulking and flooring adhesives, to reduce job costs.
- Bring cooling relief to personnel in job-site trailers or tents.
- Provide temporary cooling for building occupants when the central HVAC system is turned off during construction.

With MovinCool's accelerated drying technology, industrial-strength blowers pull in large volumes of moist air and push out warm, dry air that can be directed at wet areas. This results in much faster moisture extraction and drying times than with fans or dehumidifiers.

MovinCool portable spot air conditioners are self-contained, so setup is quick and easy.

You just roll them in, attach the exhaust duct, plug them in and turn them on. Drying and air conditioning begin immediately.

MovinCool is a brand of DENSO Corporation, the world's largest manufacturer of spot air conditioners. MovinCool spot air conditioners are backed by a full three-year on-site parts and labor warranty — the strongest in the industry.

Job-site Cooling

Classic 10

10,000 Btu/h
115V, 10A
1-Speed White/Blue Portable A/C
Operating Range @50% RH: 70–105 °F

Classic Plus 14

13,200 Btu/h
115V, 11.9A
2-Speed White/Blue Portable A/C
Operating Range @50% RH: 70–113 °F

Classic Plus 26

24,000 Btu/h
208/230V, 15.6/14A
2-Speed White/Blue Portable A/C
Operating Range @50% RH: 70–113 °F

Heating and Cooling

Climate Pro® 12

Cooling: 10,200 Btu/h; Heating: 9,900 Btu/h
115V
Cooling: 11.1 Amp; Heating: 11.3 Amp
2-Speed White/Gray Portable A/C
Operating Range @50% RH:
Cooling: 65–95 °F; Heating: 40–80 °F*

Climate Pro® 18

Cooling: 14,600 Btu/h; Heating: 13,700 Btu/h
115V
Cooling: 14.1 Amp; Heating: 14.7 Amp
2-Speed White/Gray Portable A/C
Operating Range @50% RH:
Cooling: 65–95 °F; Heating: 40–80 °F*

*Heating: Without plenum, air entering indoor and outdoor heat exchangers: 40–80 °F
With plenum, air entering indoor heat exchanger: 40–80 °F
With plenum, air entering outdoor heat exchanger: 24–80 °F

Room and Equipment Cooling

Office Pro® 12

12,000 Btu/h
115V, 11.9A
2-Speed White/Gray Portable A/C
Operating Range @50% RH: 65–95 °F

Office Pro® 18

16,800 Btu/h
115V, 15.6A
2-Speed White/Gray Portable A/C
Operating Range @50% RH: 65–95 °F

Office Pro® 24

24,000 Btu/h
208/230V, 13.2A
2-Speed White/Gray Portable A/C
Operating Range @50% RH: 65–95 °F

Office Pro® 36

36,000 Btu/h
208/230V, 19.6A
2-Speed White/Gray Portable A/C
Operating Range @50% RH: 65–95 °F

Office Pro® 60

60,000 Btu/h
208/230V, 29A
2-Speed White/Gray Portable A/C
Operating Range @50% RH: 65–105 °F

Office Pro® 63

60,000 Btu/h
460V, 9.5A
2-Speed White/Gray Portable A/C
Operating Range @50% RH: 65–105 °F

All specifications subject to change without notice. Standard warranty includes 12 months on entire unit and compressor. MovinCool offers an industry-best free Extended Warranty Program which includes 3 years for portable models and 2 years for ceiling-mount models for both parts and labor on units. All models feature compressor overload relay and fan motor protection. All models also feature compressor short-cycle protection, return air thermostat and automatic restart, and accommodate a condensate pump kit. All models are 50-Hz compatible with a slight performance decrease from specifications listed above.
